talent match

Helping unemployed young people
to get closer to work
in West Yorkshire.

**NATIONAL
LOTTERY FUNDED**

What is Talent Match...?

Talent Match targets young people who are furthest away from the job market including those who are outside the benefits, work or training system and facing severe barriers to gain the skills they need to get into work.

Funded by the Big Lottery Fund, the Leeds City Region (LCR) Talent Match Project aims to engage with approximately 2,300 young people aged 18-24 who are long term unemployed and who require intensive support and coaching through a Key Worker approach.

By December 2016 over 1,600 young people have engaged in the LCR Talent Match and 206 secured employment.

Who can benefit...?

Young people are eligible for the project if:

- They are aged 18-24
- They must have been unemployed for 12 months
- They are resident within West Yorkshire.

Private, public and community and voluntary sector organisations can benefit by recruiting young people on Talent Match.

Opportunities for organisations include fully funded job creations 30hrs a week over 6 months.

Who is involved...?

We are identifying employment opportunities across West Yorkshire and if you would like more information please contact us:

Your Consortium
t: 01423 795300
e: talentmatch@yourconsortium.org

Youth engagement is being led by the Youth Association to ensure that young people are actively involved and influence the programme

www.youth-association.org
t: 01924 333400

The Leeds infrastructure partner is Voluntary Action Leeds – Young Lives Leeds, supporting partners at a local level to work together, market and represent Talent Match.
